PROFILE

Motivated and detail-oriented MCA student with a solid foundation in computer applications, programming languages, and software development. Proficient in languages like Java with hands-on experience in web development, database management and basic networking. Eager to apply academic knowledge to real-world projects and contribute to the growth of a dynamic organization. Strong analytical, problem-solving, and teamwork skills, with a passion for continuous learning and technology innovation.

EDUCATION

NMAM Institute of Technology <i>Master of Computer Application(MCA)–CGPA : 9.59</i>	Karnataka, India <i>2025 – Current</i>
St Agnes College(Autonomous),Mangalore <i>Bachelor of Computer Applications(BCA) – CGPA : 9.64</i>	Karnataka, India <i>2022 – 2025</i>

EXPERIENCE

Web Developer Intern

- Completed a internship in PHP Web Development at CodeLab Systems , where I Worked with core PHP, MySQL, HTML, CSS, and JavaScript to design and implement backend functionalities, database integration, and user-friendly interfaces.
- Demonstrated strong problem-solving skills, adaptability, and teamwork while contributing effectively to project development and meeting deadlines.

PROJECTS

Spam Email Detection <i>Python, Machine Learning, Naive Bayes</i> Built a Naive Bayes-based machine learning model to classify spam and legitimate emails using text preprocessing and TF-IDF feature extraction.	August 2026
Expense Tracker <i>Springboot, Hibernate/JPA, HTML, CSS, JavaScript, MySQL</i> Developed a personal finance management application using Spring Boot, MySQL, Hibernate/JPA, and REST APIs with features like user authentication, income and expense tracking, savings calculation, and financial reports. Currently extending the project by developing a Flutter-based mobile application integrated with the existing Spring Boot backend.	July 2026
Online Learning Management System <i>MERN Stack</i> Built a full-stack learning platform using MongoDB, Express.js, React, and Node.js with features like authentication, course management, and role based dashboards.	March 2026

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML/CSS, C++, SQL, Python
Framework: Spring Boot
Database: MySQL, NoSQL(MongoDB)
Tools: VS Code, IntelliJ, AWS
CS Fundamentals: DSA, OS, CN, DBMS, OOP

CERTIFICATIONS AND EXTRACURRICULAR ACTIVITIES

- * Participated and won prizes in intra and inter collegiate fests.
- * Obtained Oracle Cloud Infrastructure Foundations Associate Certification.
- * Completed hands-on Salesforce Trailhead training covering Apex, SOQL, Lightning, Flow Builder, Agentforce, and CRM customization.
- * Completed AWS Cloud Practitioner Essentials training with hands-on learning in EC2, S3, Lambda, IAM, VPC, and core cloud concepts.
